

INTADYA

NUSA PENIDA, BALI

Discover Intaaya

Intaaya is a sanctuary of sustainable luxury on the cliffs of Diamond Beach, Nusa Penida. Set at the edge of the Wallace Line, where Asia meets Australia, it blends nature, spirituality, and conscious design in one of the world's most unique natural settings. More than a retreat destination, Intaaya is a gathering place for visionaries, founders, leaders, and purpose driven change-makers seeking space to think deeper, reconnect with what matters, and shape meaningful impact for humanity, and the planet.

Rooted in sustainability and intentional living, Intaaya creates the conditions for conversations, ideas, and collaborations that may extend far beyond the island itself.

Intaaya provides an intimate and exclusive retreat setting. Each Tent Suite features natural rammed earth walls, organic linens, and artisanal interiors, while the ocean-view infinity pool, cliffside spa, and manta-shaped yoga shala create spaces for deep relaxation. Guests enjoy organic, farm-to-table dining from our own permaculture farm, and are invited to connect with the land through immersive locavore farm experiences, where they can harvest and learn about sustainable agriculture.

Throughout the stay, Intaaya offers daily wellness activities and tailor-made experiences for personal growth. Led by renowned facilitators and guest teachers, each retreat creates space for transformation, deep connection, and introspection.

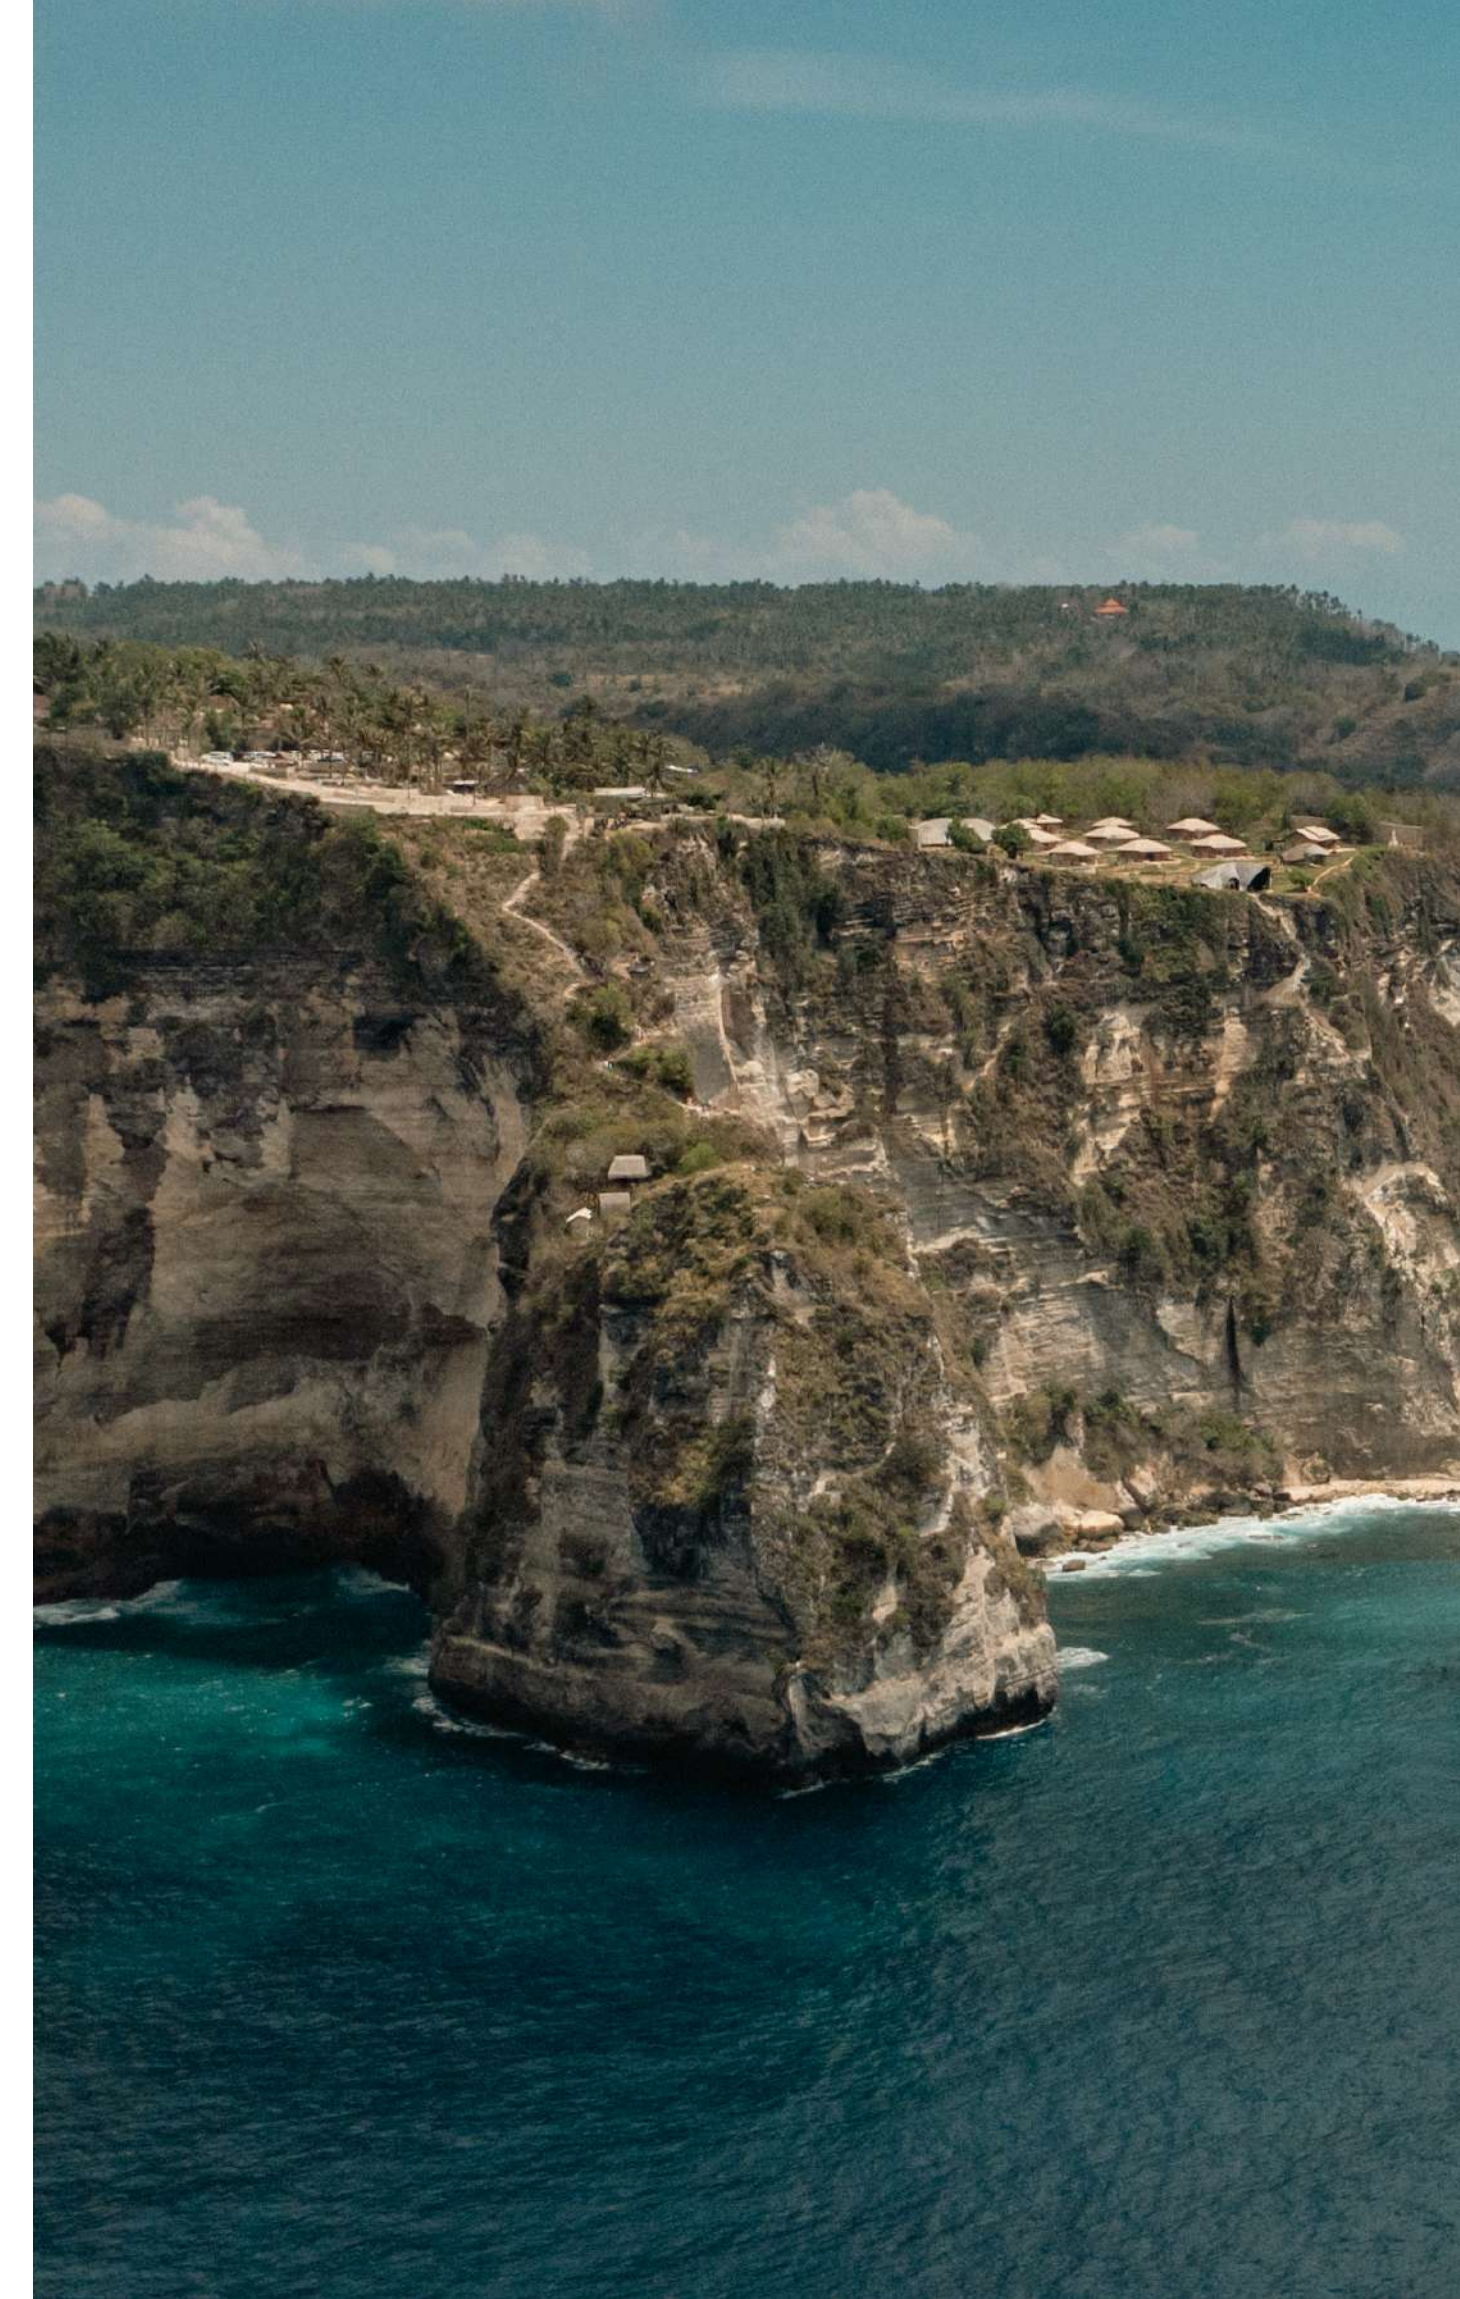

Sustainability is at the core of everything we do. From solar powered off-grid energy to water sourced from the air and rain collectors, Intaaya is an eco-conscious retreat designed for the discerning traveler who seeks both luxury and a deep

connection with nature. Wastewater gardens regenerate water naturally, while limestone and bamboo based architecture grounds the retreat in its local landscape.

Intaaya is one of the top EDGE-certified properties in Asia, reflecting our commitment to responsible design and long term impact.
